BY REGD A/D. 26th Feb. 1975

To
Bhagwan Sri Satya Sai Baba,
Brindavan Near Whitefield Rly.Station,
WHITEFIELD, Bangalore.

Subject: In the matter of Sri Sathya Sai Health & Education Trust.

Your Holiness,

Under instructions from our client Sri N.G. Ganapuley, Fair Lands, Whitefield, we are addressing this letter to you. Sri N.G. Ganapuley was appointed us as Legal Advisers in the matter of the above Trust to advise him as to how best the objects of the above Trust could be fulfilled as early as possible.

Sri N.G. Ganapuley has endowed his property consisting of a land measuring 7 acres and odd to the Dispensary Building thereon to the aforesaid Trust. He has executed a Trust Deed appointing Five Trustees including himself as the Convenor and Your Holiness as the President of the Trust and three others, viz: (1) Sri N.D.M. Appa, (2) Sri L. Sreenivasa Reddy, Advocate and (3) Dr. Bapu Jinappa Magdun as Member Trustees. The main object of the Trust is to promote health and education and to give Medical and Educational assistance to the needy in and around Whitefield and for that purpose to construct a 30-Bed Hospital on the Estate as early as possible.

As the Convenor Sri N.G. Ganapuley wrote several letters to Your Holiness and sought Darsan to advance the cause of the Trust and also convened meetings. Sri H.B. Datar, Advocate, Supreme Court also addressed to you on behalf of Sri Ganapuley explaining his anxiety as a donor to see that the objects of the Trust were fulfilled. But unfortunately there was no response from your Holiness. But Dr. V.K. Gokak carried on correspondence with Sri Ganapuley purporting to be on your behalf. Dr. Gokak, in one of his letters date

...2

dated 28-8-1974 informs Sri Ganapuley that "Your Bill for Rs.199-82 is being forwarded to Sri Krishnamurthy, Convenor, Sri Satya Sai Trust for Mysore State, C/o Principal Sri Satya Sai College, Brindavan,

Bhagawan does not any longer deal with institutions. The institutions in Mysore State are looked after by the Mysore Trust. You may address your needs therefore to Sri Krishnamurthy, who is the Convenor of the Trust....."

This letter and some others of this nature raise important issues regarding the Constitution, status and management of the Trust as also its Trustees and unless the position is cleared it may not be possible to proceed further in the matter.

From the documents shown to us, the Satya Sai Health & Education Trust is an entirely independent Unit and is in no way subordinate to the Mysore Trust and has nothing to do with that Trust or its Convenor Sri Krishnamurthy. There is no reason as to why Sri Ganapuley should address his needs to the Convenor of that Trust as suggested by Dr. Gokak. Sri Krishnamurthy or any other Convenor of the Mysore Trust cannot interfere with the administration, management or affairs of this Trust. Secondly, Dr. Gokak writes that Your Holiness is not interested in this Institution.

Your Holiness is the President of this Trust and and all the Trustees and particularly Your Holiness are legally and morally bound to manage the Trust faithfully and diligently in the best interest of the Trust and fulfil its objects. Your Holiness cannot, therefore, shirk that responsibility so long as Your Holiness continues to be a Trustee and the President of the Trust.

In these circumstances we are required to examine whether the statements made by Dr. Gokak purporting to be made on your behalf have your authority and approval as they have a far-reaching legal consequences. We are informed that since the creation of the Trust in the year 1970 no tangible steps have been taken in the direction of the fulfillment of the objects of the Trust, mainly because no meetings could be convened without

...3

Your Holiness. So far there were very attractive offers coming from German and other foreign institutions to develop this Institution in furtherance of its objects which were communicated to you. If the Trustees fail to take decision on such important matters there would be a breach of trust for which the Trustees will be answerable to the beneficiaries. Further unknown people come and use the land, dig a pit here and a pit there. Hence it has become absolutely necessary to consolidate the position of the Trust and the Trust property and to make progress in the right direction.

We request your Holiness to let us know whether Dr. Gokak has been appointed by Your Holiness to represent you in this matter or whether his statements concerning your Holiness are made under your authority and whether your Holiness is prepared to accept the responsibility regarding the statements made by him. Kindly let us know whether Your Holiness desires to resign from the Trust.

If we do not receive any communication in this behalf from Your Holiness within a Fortnight regarding (1) the position of Dr. Gokak in regard to the communications sent by him purporting to be on your behalf, (2) your desire to continue or not to continue as a Trustee and the President of the Trust; we will be forced to assume that Dr. Gokak made the statements under your authority and that you have no interest in the Trust and seek to severe your connections with the Trust and to proceed on that basis.

With respectful Pranams,

Yours faithfully,

Prasanthi Whitefield
25th Feb 75

Dear Dr Gokak,

I did not want to write to you as I know the fate of all my letters so far written to you. I never thought that educated men should develop such a superiority complex - contrary to what I know that education should make people humble, helpful accomodating.

One 42 years of my life in Europe in which I had the opportunity to meet all kind of people great and small, even the cream of the society but I never come accross even one of the intelligents who deserved me in their estimation of mine. They had been very frank. If anyone did not like certain things he will frankly say no or openly show his reluctance to cooperate with my work or views and I knew where I stood. I was never given false hopes or false promises and we were quits as friends. But on my return here in my own country which had since become free, for which I had also worked and suffered a lot more than all those freedom fighters who are worried of their pensioned Parliaments, in the most unexpected quandary. I came here to do things without any personal benefits or remuneration for my work but to help my people and help to build up my country, as I saw no big struggle after the worse devastation after the war. For the first two years I got a my friend Shri Divakar to build up a servant organisation but it did not work as I wanted for the reasons for which that organisation was formed to engage people. I then invited to my friends the 6 crore American Cot association from America to manufacture fertilizers at Bangalore and even though they deposited the sums at initial stage as I were going to invest 8 crores leaving only 2 crores for the state to invest, still this great project was sabotaged. It was indeed a great event today, but not to talk about. Then at the request of the Ministers, I imported three German friends and with their help a collaboration of great industrialist Chief and Krupp who proposed to build the cement factory which was formed, without any foreign exchange but their services, through coke which was lying about as an exchange. Even this collaboration also cost the Germans about 750 rupees was sabotaged by our ministerial magnific. I am not telling you stories but these are facts of my love.
You know I had offered all my property in India to Karnatak Health Institute but as they were honest enough to feel we that they will not be able to complete the same from this distance and decline it. I first built up a nucleus for them here in the form of the Dispensary and when that became impossible because of the educational insufficiency for the Doctor who was working there, I approache Shri Baba at the instance of Bhagwans and you were the person who arranged the first meeting and when Baba said that I will build an Hospital, I did not flinch for a moment. Having failed in my social and political attempts to help the land and people, religion was my last resort and I thought what could be better than an acknowledged saint of this place like Sai Baba. I had been frank and open throughout. Having once given my word to give the land to build the hospital I had no intention to go back on my word and told you to start work and we can think about legal deed afterwards. But you were insistant on having the trust deed first before the work could start. It was all the same to me and you know that when you came to me and even insisted that it should be called Bhagwan Shri Satya Sai, although I was against putting the word Bhagwan but was impressed by the faith and sincerity of men like yourself and Rao Reddy who came with the deed and signed it without any hesitation. And since the date I signed the deed it has become one Saga for the last five years of which I have written out a synopsis of which one can as well

make a play or a film in which Baba as your Bhagawan becomes a silent diety whereas you made the deed and put around my neck the sling of Trust, from that day the only person who is manipulating things, writing to me in the name of Baba who has been made a President only for name sake and the other two trustees who were only forced to come to one meeting in 1972 and afterwards the Trust does not exists for them. You have even made by the President of the Trust and without even calling a meeting you decide that Baba has no interest in it I do not whether we are any civilised society or the law of jungle is ruling here supremed. Even I wrote to Baba on the 17th of this month that because of complete negligence of this unit formed by him, I shall be forced to close the dispensary from the 1st of March and the good Dr. Raydum who worked loyaly without remuneration for all these years will leave this place and we shall never get such a doctor still I did not get any reply as usual because you have made your own Bhagwan Sai Baba a figure head and you are sitting on the hedge watching the fun having cleverly not tied down yourself in it as a trustee.

May you have all the grace and benediction of Baba but for get not the hundreds and thousands of poor, poor ailents who were being benefitted and will be thrown out and only their silent curses will accompany you. Please note that your bhakti and lecturing tours will not help you if by other hand instead of helping you destroy the poor. This will be last letter to you from a man who has sacrificed his all, which also given to him by God to God almighty in the form i. Gandhis words Daridra Narayanas.

May God bless you

With best wishes and kindest regards

Yours truly

If Chinmayananda Swami having already built an Hospital in Indira Gandhi Nagar is still constructing another wiht the help of his Bhaktas and Shri Sudharakrishna has apsrt from taking care of a village and building a place for the poor in his premisis in Gandhi Nagar . has already laid the foundation of Arogya Bhavan which he wants to start by Shri V.V. Giri/ and collectin, fund at the rate of atleast Rs 1000 from a donor and for others in the country he has printed stamps of arious denominations and going abroad to collect funds with One dollar each slogan, I do not think that Shri Satya Sai Baba instead of building like his brothers will be destroying the existing one.

His Holiness
Shri Satya Sai Baba
Brindavan

Kadugodi

2nd March 75.

Your Holiness !

With a view to bring some order in the whole set up of the above Trust and its working I have been forced to do something which I was trying to avoid all these years.

Not only nothing has been done for the hospital but as already informed to you on the 17th of January, in which connection I heard nothing, I have under compulsion closed down the last vestige of the Trust running here in the form of Dispensary.

I am taking the last chance of rescuing what I can and send to you enclosed herwith a notice for the Board meeting of the Trust, like of which I have sent to all the other trsutees. As Shri Appa has changed his old address and has not given to me his fresh address, I have also sent his letter to the address of Brindavan

I have nothing to add and hope that the saviour will find the way out

With my best respects

ypurs obediently

and N.D.M. appa

2 March 75

I am herewith enclosing a copy of letter addressed to Shri Satya Sai Baba by my legal advisers and also a copy of letter previously addressed to Shri Baba by Shri H.B. Datar, advocate supreme Court, on my behalf, in the same matter.

I feel that in the best interests of the Trust of Shri Satya Sai Health and Education Trust , an immediate meeting of the Trustees is necessary to frame a scheme and to chalk out further programme in the matter of the administration of the Trust and the protection of the Trust property, from waste, illegal use and dissipation. I like to bring to your kind notice that the Trust has not been able to take any steps so far in furtherance of its objects mainly due to the fact that Shri Baba,as its president has not taking any interest and not responding to my letters and request for Darsana. Unauthorised persons freely come on the land and engage themselves in doing unauthorised acts like digging pits, taking measurements etc and trying to make use of the Trust property.

Further Dr Gokak has asked me to submit Bills to Shri Krishnamoorthy, convenor of the Mysore State Trust and to address my needs to him. I do not see why I should submit the Bills of this Trust to him or why I should address him for the needs of this Trust. As you are aware this Trust is in no way subordinate to the Mysore State Trust. Recently I declined the offer of a cheque for Rs 2000.-- from Shri Krishnamoorthy for want of any instructions from Shri Baba. How all these matters should be settled for the for the benefit and effective administration of the Trust. Hence I herewith take the liberty of convening a meeting as per notice enclosed herewith.

Kindly make it convenient to attend the meeting and take active part therein

With regards
Yours sincerely

157

Dear Shri Arabatty,

It is now about 16 days that we met at my place and per decisions taken you very kindly wrote to Satya Sai Baba and also to Dr Gokak as per copies you sent to me.

As instructed by you I sent the letter of Dr Gokak with acknowledgement addressed to you and also to Shri B. Srinivas Reddy and Shri H.C.M. Appa under Reg. acknowledgement enclosing therein the notice for the meeting on the 15th inst at 4.30 P.M. that is this Saturday. I received only the acknowledgement from Shri B.S. Reddy but Shri Appa whose address was unknown to me and to whom I had sent the letter care of Shri Satya Sai Baba has not acknowledged as usual and I have no knows from Baba also

I do not know if you have any acknowledgement from Baba respective Gokak. Everything looks to be in doldrums

Think me as a knoiv illiterate farmer so far law is concerned and as such do not know if there are different laws for men like me and for those like Baba so that an advocates registered letters ter orices people like me whereas men like Baba have a bulletproof armour against it so that such challenges do not touch them.

As a lawyer and one time Judge you know better how to protect a poor farmer against the rich Landowner and know the ways and means to bring such people to senses. I do not think that Baba with all his great connections is out of boundary for law In which case notaing can be done. But if it is not so and in the eyes of Law we all are equal then I am sure you know it better what should be your next move, when even a letter from you remains uncared for.

Shri Kutara's previous letter as well as your letter to him has been a polite approach to the conscience of a good man. Going what the other party reacts but I am sure you must know how to be little rough and wake the man up from the complacent drousiness.

Again as a layman I enquire if you cannot now give a kind of legal notice with a suggested time limit which you will take the matter to Charity Commissioner or to the Court or to the Government to take possession of the trust, whatever you think Best. If at all we cannot save the same from the clutches of these saintly characters, I would not like to take the long road of court litigations the end of which I shall never live to see and hence the only other best way way will be to hand over to the Government. I think the Health Minister would be glad to have such a place.

As already informed I have called a meeting of the Trust Board and I doubt that either Baba or Shri Appa will come and I do not know as yet if Shri B.S. Reddy would come. If he comes we shall have a majority and inconsultation with Shri Reddy who is also an advocate but if he does not come myself and Dr Magdum will be the solitary two and would not know what to do. I shall inform you about that on Monday the 17th instant.

In my opinion Baba has made himself responsible for the destruction of the charitable work about which he preaches and also the trust. Can he not be held responsible for that ?

With best wishes and kind regards Sincerely yours

Shri Kaulagi might not be herefrom today onwards for about 8 days

N. Ganguley

158

Papilands Whitefield

16th March 75

Dear Shri Nawatti,

I have written to you a detailed letter on the 13th inst and in the same letter informed you that the Reg letter with acknowledgement written to the Trusy Shri N.B.K. Appa which was sent to his new address from Baba's office also returned back, shows the mentality of his man who was made a trusty by Baba.

The result of the meeting called was that only Dr Nagdum was present and although Shri L.S. Reddy knew about it in advance when phoned By Dr Nagdum to remind put forward his wife to take the phone to tell that he will not attend because of some marriage function he has to attend He could have attended the meeting and also the marriage function if he willed it but he showed himself in my opinion a coward without any Moral Backbone.

Can these two trustees who met do anything which the law will sanction. If there is any procedure please tell me. If nothing is possible that could give me a freehand in this affair, then I suggest that you give a legal notice to Baba and as according to you the court way is an unknown long way inspite of the other party has broken all the rules of a trust and I do not think that now at my age I shall be able to do something, I should suggest to hand the Trust over to the Government where soemthing cyn be done and nothing will be done even if Baba takes it over as all his Bhaktas so far I know are dirty kringers. I have enough of them. Gokaks story you know so also once a great Dean of Medical hospital in Davangere came here sent by Baba. How he professes to be the great Bhakta of Baba and when actualy actualy everything was given to him what he wanted to take charge of th Dispensary he quietly backed out. I have many such instances of Baba Bhaktas who are all educated belonging to an affluent society and therefore I have no courage to take over the charge of the trust if I am required to build it up on men and material of this type. I can only do it with missionary cooepration which is the most sorry phase of our Indian life today.

Shri Kaujalgi will come back from Chitapraba according to him on Monday oder say on Tuesday. Kindly think over this problem and if then you will come any of the weekdays with Shri Kaujalgi we shall think of closing this ugly chapter once for all.

I have only come to conclusion that tr th,righteousness honesty of purpose about which Gandhi said so much are of no use inthe present world struggle. As an advicate and one time judge aunold law but when I see the working of your colleagues like Papa Reddy and his soninlaw L.S. Reddy, how do you think that I shoul have any faith in men who profess law. They are-sorry figures in my eyes. They are in my opinion " Manushya rupena Mrigascharanti" Human so many beast in the form of human beings. Even to call them beasts is to insult the beasts as beasts have some settleled way of life which they follow but these beasts have none.

Excuse me my long moral trearise. Unfortunately I am being educated of all this at the last stage of my life of which I am shall not be able to make any use.

Thanking you and with best wishes

yours sincerely

N.Canouley

159 Fairlands Whitefield
27th March 75

My dear Kaujalgi,

You appeared here like a comet yesterday and disapperaed also in the same way before I could sit quiet and realise that you were already gone. moreover you had come here with a fixed idea of not staying longer having brot with you bread and Butter which I think about it now was like today's type of Darshana and Prasadam .

According to my letter to you dated 24th March I was thinking of having you here with Shri Arabatti and I have prepared everything ready for that talk and so many other things with you. I was not at all prepared for others for whom I had nothing to offer and could not have any talk with them or entertain them as they are never expected to visit me again.

I was sitting there all tired because I had slept badly the night before and was lying awake since 1.45 in the night and got up with a little heavy head. After bath and breakfast when I was just recouping, Dass came to take me out as I had decided not going because of Holi, I got Dass to Transfer the ceiling fan from the Dispensary but I was required to attend to all these operations which took about 3/4 of hour. Then the telephone man came as the phone is always giving wrong calls or completely blocked and after that while I was just sitting you came with friends who were quite unexpected so that I was mentaly prepared for nothing and I could not even think chronologicaly but we carried over so many things right from the Baba affair which had nothing to do with others and for which I had made preparations for Arabatti.

In all the jumble of talks hurriedly tea was made and we drank it without any relish and off you went. In reality I had to talk many things with Mangoli who once wanted to see all that I have written My cupboard was full with it and as he with Dr Hardikar were urging me to right my reminisances He wanted to see and as a matter of fact come and to stay with me for 8 days to go through all that. I could not talk a word about it. I had to talk with your wife about my offer to Sharat to come and stay with his wife here, as I said that the house belongs to him etc I could not talk a word with her

I had to tell Mrs Vaidya many thing and also about Shri Modak her teacher from Satara etc and other things which would have interested her but not a word of that could I talk.

Then as a matter of fact instead of a Tea you who always play the part of Major Domo should have suggested Khichadi, Dunka and something else which we could have prepared and you could have a quiet Lunch I would have had the feeling of having played my part as a host as is expected from a good man. When you left I felt very miserable and like a cad, an uncivilised boor. This feeling pursued me throughout the day and even I could not sleep over it although my previous night was bad, I was required to dose myself with a sleeping pill to sleep.

I know you have great deal to do, but if you at all want to come, come as before with good time on hand, with food and play in which period one can think of many other things on which one can talk,. esterday things overlapped each other and I could not do anything for which I had prepared myself mentaly. In early days you always phoned me early morning from home of your coming which is also the right time to get the connection

and one is mentaly prepared for the visit and what one should do when such a visit comes.

When you told of Cows and buffelows etc I thought of Shri Subbian whom you also know. He knows all the ministers in that section and is also one of the Directors of Syndicate Bank appointed by Government but we only talked of things as only cursory information to me and did not talk the details.

I wanted to talk with you about Sharat who had been again to me and there were ontre things

As a tired man that day I was completely disappointed and all our talks were a hotch potch a khichadi of words. Realy Khichadi would have satisfied us but not this type of wordy khichadi.

Time passes away quickly and I was none the wiser for it.

Kindly think of some free time soon and come one morning with Shri Rao on any day when we can start from Breakfast or Lunch and finish with evening meal or atleast a late Tea. Then one can think and talk.

That is all for today. With my best wishes and kindest regards also to Shri Rao

yours sincerely

Tell Shri Rao that I have sent to Shri B.A.Rao an article for Freedom fighters souvenir as he wanted. He wanted to meet me with one Mr. Shastri but did not hear from him

16/ Bangalore
20-3-75

My dear Sh Ganguly,

Your kind letters duly to hand. Myself & Kanungo have to go to you on telephone call so I did not reply your letter so far. As already discussed the next meeting shall be known notice & adjourned meeting stating that the meeting scheduled to be held on 15-3-75 had to be adjourned for want of a Quorum & the adjourned meeting you may then such resolutions as are necessary & record the in a minute book

I have already noticed

Dear Shri Arabatti, 163

Fairlands Whitefield
14th April 75

I was yesterday with Shri Kaujalgi who tried to contact you at about 11 AM but unfortunately we could not get you on the phone. It would have been better if I had a few minutes with you so that I could have told you about the result of your last writing to Baba and taken your advice as to what one could one do further to keep the thing hot.

On the 30th March the acciuntant Shri Iyengar from the Mysore state trust of Baba who had advanced some money came as ususal to see the accounts. I refused to show him anything a d told him that for me the thing is ended and if he wants to have any further informa tion he should ask thoses heads of the Trust to come to me for clarifica tion. He was with me at 9 AM soon he left my place and came with a news at 12 that those gentlemen have promised to come to me at 6 PM I was ready for them with all my papers but they did not come at 6 PM but after my long waiting came at about 7/15 PM . I told them that before we could talk they must know what is my Trust and who am I. unless they know that we could not proceed and I did about i Hours talking telling them in details about the working of the Trust and myself. They remained here upto 9 PM and showed all the eagerness of making soon a new begining. They said that they will place all thss before Baba and suggest him to start from what we have got at present and then plan out a lrger things as Shri Shetty who is the Engineer attached to Electricity board and also one of the Trustees of that trust ,has planned.

They were also for asking Baba to remove the two trsutees Shri L.S Reddsy and Shri Appa who were his joice and to form a new group of trustees for our trust. They were also for appointing a perma nent Doctor as suggested by me and also a nurse so that a start could be made to opne the Dispensayr closed since 1st March

They were very particular about knowing as to why I should appoint an advocate and whether I intended to go to court to which I replied that as I was receiving no answers to my letters and there was no chance of meeting Baba I had no other alternative left but to take the help of an advocate. Further I told them that I am not for going to court but they would force me to if nothing is done as talked so far.

I confirmed this meeting and talk of ours with my letter dated 31st March and 1st April and asked them to start working on our talks if they do not want me to approach the advocate again. They did not reply. Upon which I again wrote to Sai Baba and also to Shivappa the convenor Trustee of that Trust whio is the main figure informing them that if I do not know anything by the 14th Monday then I shall again ask my advocate to interfere in the matter. Now having not received anything I am coming to you for advice. It seems that they have some fear of publicity and court etc and that is why I was always requesting you to wirte to Baba Direct which youalso did and the result of this was this talk. I should thereforeagain re-request you to kindly create the necessary urgency and pressure with one more writing from yours of fllowing nature. In my opinion this will not fail its effect and there will be some movement in the matter whihh gets dormant

I have already indicated
in the letter you should
proceed. We shall talk on it
further when we meet next
With regards

Yours Sincerely

I refused to show him anything a d told him that for me the thing is ended and if he wants to have any further information he should ask thoses heads of the Trust to come to me for clarification. He was with me at 9 AM soon he left my place and came with a news at 12 that those gentlemen have promised to come to me at 6 PM I was ready for them with all my papers but they did not come at 6 PM but after my long waiting came at about 7/15 PM . I told them that before we could talk they must know what is my Trust and who am I. unless they know that we could not proceed and I did about i dours talking telling them in details about the working of the Trust and myself. They remained here upto 9 PM and showed all the eagerness of making soon a new begining. They said that they will place all this before Baba and suggest him to start from what we have got at present and then plan out a lrger things as Shri Shetty who is the Engineer attached to Electricit board and also one of the Trustees of that trust ,has planned.

They were also for asking Baba to remove the two trsutees Shri L.S Reddsy and Shri Appa who were his joice and to form a new group of trustees for our trust. They were also for appointing a permanent Doctor as suggested by me and also a nurse so that a start could be made to opne the Dispensayr closed since 1st March

They were very particular about knowing as to why I shoul appoint an advocate and whether I intended to go to court to which I replied that as I was receiving no answers to my letters and there was no chance of meeting Baba I had no other alternative left but to take the help of an advocate. Further I told them that I am not for goir to court but they would force me to if nothing is done as talked so far.

I confirmed this meeting and talks of ours with my letter dated 31st March and 1st April and asked them to start working on our talks if they do not want me to approach the advocate again. They did not reply. Upon which I again wrote to him Sai Baba and also to Shivappa the convenor Trustee of that Trust whio is the main figure informing them that if I do not know anything by the 14th Monday then I shall again ask my advocate to interfere in the matter. Now having not received anything I am coming to you for advice. It seems that they have some fear of publicity and court etc and that is why I was always requesting you to wirte to Baba Direct which youalso did and the result of this was this talk. I should thereforeagain request you to kindly create the necessary urgency and pressure with one more writing from yours of fllowing nature. In my opinion this will not fail its effect and there will be some movement in the matter whihh gets dormant

I therefore want to make you my humble suggestion and request you to write to Baba with a copy to Shri Shivappa Covenor Trustee Satya Sai Mysore State Trust care of Ahri Satya Sai Baba Brindavan Kadugodi, as follows in your wording Although your Holiness did not reply to my letter addressed to you on the 26th of Febr and have taken any positive steps to clear up the Satya Sai Health and Education Trust affair, still as I learn from Shri Ganppley Shri Sivappa the Convenor Trustee of your other Trust went on your behalf to meet Shri Ganpuley with Shri Krishnamoorthy Nad Shri Shetty and wanted to know from him the reason of sending a letter to you through an advocate and as to whether Shri Ganpuley wants to go to the court. Shri Ganpuley has written to you on the 9th of April after waiting to hear from these Gentlemen particularly Shri Shivappa, as to why no action has been taken instead of their promises to place everything before you and start at an early date the working of the existing part of the ~~educa~~-- Dispensary etc working and in the meantime to submit a master plan for the future of the Hospital etc. While writing this to you and also to Shri Shivappa, he has stated to receive your replie by Monday the 14th latest, but having not received any thing ,Mr Ganpuley has asked me to take up the matter with you and although Shri Ganpuley does not want to go to yourt for that but he may be forced to do so if myself in the capacity of his advocate do not hear anything from you ~~ti~~ till---------- . Can you write a letter of this nature informing them that you will force the hands of Shri Ganpuley by your utter silence. "

Dear Shri Arabatti I think a little threatening letter will be effective and before we do decide in favour ofany action you suggest I request you to do this atonce. More when we meet With best wishes and kindest regards

sincerely yours

L. Ganpuley
Conv Trustee

Prof Dr V.K. Gokak

Shri Satya Sai Ashram
Brindavan
Nadugodi

23 July 75

Dear Dr Gokak,

I did not write to you since your disappearance from the scene even as a conv.Trustee of Satya Sai Mysore State Trust, when with you letter you introduced me to to Shri Krishnamoorthy th e financial adviser, who was going to look into the matter of my Trust.

In view of my oldage I feel that I am likely to end the term of my life in this world soon, I thin that I shall be failing to do my duty if I do not inform you that by tying me down by bonds of Trust deed, you have not ruined meas you cannot do that, but you have definitely ruined all the prospects of thousands of poor souls who were helped by the Dispensary started by me and would have been further helped if you would notnave forced me and Baba into this Trust by te lling me that Baba will only build if there were a Trust Deed which I signed without any condition. Perhaps without that, either Baba would have taken stepy to build the hospital earlier, failing which I could have accepted the munificient donation offered to me by two German organisations.

If you remember, you yourself expressed your sorrow for not being a trustee when you we came to tell you on the 1.11.74 that no trust member had come to attend the mee ind on that day. I do not grudge the happy life that you are enjoying under the benevolent protection of your Guru and do not care what happens to those outsdie. But remember that there are higher powers that rule the individual destiny and you will one day bitterly repent the injustice that you have done to the needy and poor by shutting against their face the doors of the Dispensary which was open to them till 1st March 75. Please note that I am not ruined many way but I am only sorry for the poor whom I am required to send away often.

With regards

Sincerely yours

L.Ganpuley

166

Shri N.V. Arabatti

Uttaradhimath Road
Basavangudi
Bangalore 4

23 July 7[illegible]

Dear Shri Arabatti,

My last letter to you was dated 14th April giving you some account of the development that had taken place and last of the appearance of Shri Sivaprakasam the head of the Mysore state Trust who enquired why I had taken ana advocate and whether I intend to go to court. To which I had replied that because none of my letters are replied by Baba the interference of an advo ate became necessary and because nothing has been done in last five years to materialise the aims of the Trust I may be required to go to court.

This appearance of Shri Shivappa as he is called and also enquiries about advocate and court was only possible because of your letters to Baba on which I insisted.

Now I hear that a new Trust as Karnataka state Trust has been formed of which Shri Gorpade the chief of Savnur is the President and Again I had visits from Shri Sivaprakasam and others as trustees assuring me that the Hospital will be build.

According to your advice I never thought of going to court as the same is a long and weary process but I only wanted you to write that in the event of nothing is done you may be forced to take such unpalatable measures.

In my letter to you I had only asked you to kindly follow up with a letter as such letter from an advocatehas some compelling value which is otherwise ignored.

I learnt from Mr Kaujalgi that you had been often away to Jamkhindi but even otherwise too he says that why should one write if they are now thinking- I have been always telling Mr Kaujalgi to ask you to write but it seems that he has not done that and hence I am doing itmyself. You know that what I am doing is not in mypersonal interest. It is a public and social affair and I only expected that some of my learnedfriend here will also put their hand to this work which does not cost them anything but their knolwedge of the law and a few letters that could act as an effective pressure. I do not think that you are against it and because you are not paid you do not want to do it. As I have given away everything that I possess I cannot afford to give but this you can ask from Kaujalgi who owses me.

You have nothing to do much to write againe to Baba refering to yourlast correspondence and asking because you have not received any definite reply to that to this day, you would like to know what steps have been taken regarding the building of th Hospital. You need not say anything about the di fferent

about which I have written to you but only say that so far you understand from Mr. Ganpuley no definite begining has been made in that direction which might compel you as an advocate in whose hands Ganpuley has placed the matter to take further steps

2- As told to you and now informed the people come with assurance but good inentions and positive implementation that I want are two separate things and Hence my request to you to give these my constant requests a legal face. Iam sure that even a small writing from your side will have its value. It need not be aggressive but a so should not be sloppy.

You only go into the matter as an indeoendent advocate who is interested in the finalisation of the project that is hanging fire for years.

ill you do it ? Nothing big only a small one or half a page note

With my best wishes and kind regards

sincerely yours

N. Ganpuley

being quite new to it and made a mass of the socalled Trade agreements which they had entered into officialy piloted countries communists to
